

Norman J. McKenzieCandidate for
STATE MINE INSPECTOR

Subject to Republican Primary, September 12, 1916

If practical experience fits one for the office of state mine inspector upon whose proper discharge of his duties thousands of men in Arizona depend for safety of life and limb, N. J. McKenzie, who is seeking the republican nomination for that office, is well fitted.

Mr. McKenzie has been a practical miner for twenty-six years and has been engaged in that occupation in Arizona for half of that time. He has worked in every position underground from earman to shift boss.

He has not been a political miner but a practical miner who has made a study of the vocation. Mr. McKenzie is a man of family, a home owner of Bisbee where he has been employed for more than a dozen years by both the Copper Queen and the Calumet and Arizona.

**INTEREST PICKS UP
IN THE STATE FAIR**

With the mailing of the Arizona State fair premium list, together with other advertising matter, much interest is being taken in this year's fair. The office of Secretary Shaughnessy is being flooded with requests for catalogues, entry blanks and general information concerning harness events, general display space, etc.

The department superintendents have begun active work collecting exhibits for their different departments, and they report that everywhere that they go the people are showing greater interest than ever before, and the prospect that the exhibition buildings will be taxed this year to their greatest capacity.

Dog Fanciers
The dog fanciers of the state are taking considerable interest in the dog show to be conducted on the fair grounds November 14-17 by the Arizona Kennel Club under the auspices of the American Kennel Club. In this department alone, business houses and individuals have donated some eighty special prizes in the way of silver cups, medals, etc. One of the best kennel show men of the country, Dr. Clayton, of Chicago, has been engaged as judge in this department.

Poultry Department
In the poultry department the exhibition space has been doubled this year, and from the interest manifested by the poultry raisers to date, the show this year will undoubtedly be the biggest and best ever held in the Southwest.

Livestock
Numerous inquiries have been received from livestock raisers from all sections of the Southwest for information concerning the livestock exhibits, and unquestionably the display in this department will exceed anything heretofore held on the fair grounds. The cattle sheds are being moved from the east side of the grounds to a location north of the grandstand, where they will be conveniently arranged and where a judging ring will be constructed for the purpose of livestock judging.

In the harness racing department, every day's mail brings in additional entries, and visitors at the state fair this fall will see the largest field of race horses ever gathered at one meet in Arizona.

Amusements
In the line of amusements, the class of attractions engaged this year are of the very highest type. Each day before the grandstand will be seen such attractions as Nace & Zerado in acrobatic comedy, the diving girls, a thrilling death-defying leap on a bicycle, a balloon ascension with triple parachute leaps, an aviator looping the loop, and flying upside down and other events of the best character.

For the entertainment of the guests during the evenings of fair week, the Great Wortham Shows have been engaged to show on the carnival lot down town. This carnival company is one of the largest and best on the road, carrying forty-two carloads of very high class shows and attractions, the principal attraction being Rice & Wortham's water circus, which alone employs thirty aquatic stars.

**DE SOUZA GIVING
SPEED FOR MONEY**

The present political campaign is possibly attracting more attention than any heretofore because of the bitterness of the fight. The various candidates are employing all sorts of unusual devices to attract the attention of the public.

The few individuals who are not running for office look on the contest with glee and indeed, to one who is not personally concerned, the campaign has many laughable angles.

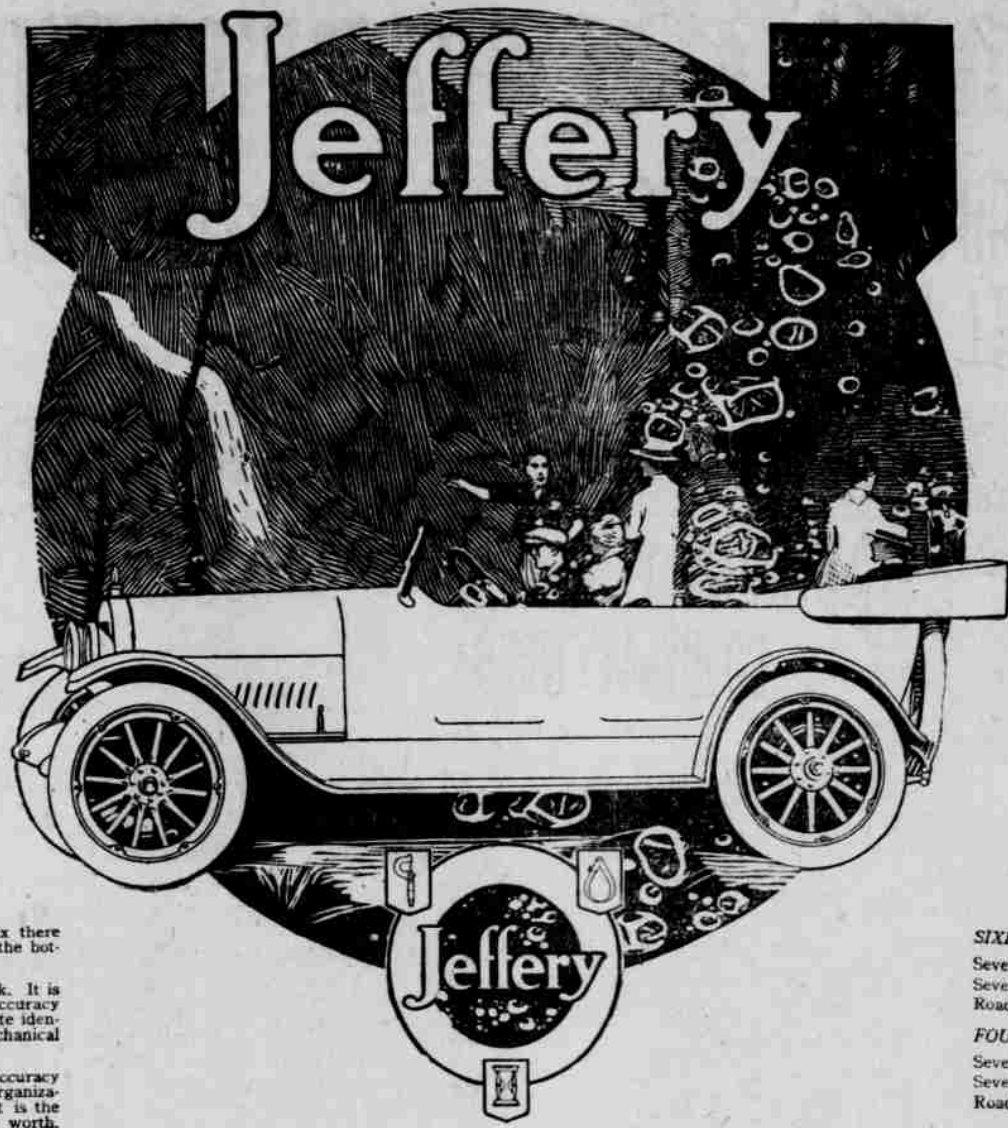

The advertisements of some of the candidates would provoke laughter from almost anyone, yet, probably the most mirth inspiring piece of publicity of anyone in the political battlefield, hangs over the portals of the office door of Justice of the Peace De Souza. This advertisement doubtless is intended to win the vote of the automobile owners who have a tendency for speeding, for the slogan plainly reads "Most Miles Per Dollar."

**COLONEL ROOSEVELT
CANNOT SPEAK HERE**

That it will be impossible for him to make Arizona for the campaign, is the gist of a letter from Theodore Roosevelt to State Chairman Tommy Madlock yesterday. The colonel wrote that if he accepted all the invitations to speak, he would be kept busy for many months.

There is a chance, however, that

Upon each new Jeffery Six there appears the device shown at the bottom of the illustration.

It is more than a trade-mark. It is the symbol of mechanical accuracy and refinement—an appropriate identification for the Car of Mechanical Precision.

It stands for the ideals of accuracy upon which the great Jeffery organization is built. And as such it is the owner's guaranty of inherent worth.

A Long, Low, Hammock-Slung Body**Exquisite Coachwork Matches Exquisite Performance
in the New Jeffery Six**

A CREATURE of prowess and grace and might! Hammock-slung springs bring it close to the ground and lend a feeling of sure-footed stability.

Rich, lateral roll-edges soften the arrow-like severity of exquisitely fashioned body lines and flow gracefully into the broad-shouldered hood. It is a giant refined into beauty.

Your eye lingers when you see this new Jeffery Six. There is a strange, magnetic charm about the Car of Mechanical Precision. It holds you in admiration.

You are curious. You have seen hundreds of automobiles—admired scores. But never have you been won so wholeheartedly as by this car.

And no wonder—

Twenty-two finishes of paint and varnish have given this Jeffery a brilliant attire—a luster that service will not dim.

Color—rich, deep, Midnight Blue.

The Lower Price—\$1365

The price of the new Six is a real surprise—Thirteen Sixty-Five. You would have judged much more. But greater production and greater economies of the greater Jeffery organization bring you this remarkable value in the Car of Mechanical Precision.

Vibrationless Motor

The new Six motor is vibrationless at all speeds—a phenomenal quality you will find in no other motor. The Jeffery-perfected crankshaft—inherently balanced and oversized—brings this marvelous softness.

Before entering its chassis, every motor passes factory tests more severe than those employed by any other maker we know.

Performance

A ride in the new Six brings even greater respect for this proud monarch of the road. Fifty-three supple horse-power harnessed and obedient within the six cylinders. There is manageable might,

\$1365

Seven-Passenger Touring
53 horsepower, 6-cylinder
125-inch wheelbase

F. O. B. Kenosha

Without Vibration

The vibrationless feature of the new Jeffery Six motor is an exclusive development of Jeffery engineers. The motor is without vibration at ANY speed.

This wonderful softness is largely the result of the inherently balanced oversized crankshaft. All Jeffery motors are subjected to the most rigorous tests given in any factory.

meeting every whim or wish of the man at the wheel.

You troll along at a Shetland pony gait or speed the landscape panorama up to 60 miles. Your motor's at ease all the time. Never a fretting sound from the engine. Just peaceful flight as you cleave the countryside and level the hills before you.

Long, flat springs enhance your riding ease.

Luxury and Investment

Jeffery owners are contented owners. For the new Six is more than a luxury; it is an investment.

The rugged simplicity of the chassis construction and the honest make-up of the car make the Jeffery spell maximum service and minimum care. Almost unknown in the second-hand market, Jeffery cars bring exceptionally high re-sale prices.

Doubled Production

Jeffery expansion, bringing doubled production this year, comes without sacrificing the Company's ideals of mechanical nicety.

With this greater output we hope to be able to fill the demand. Still, nothing can be gained by delay. Promptness alone, on your part, in placing your order with us will gain an early delivery for you.

We are ready now to show you the new Jeffery Six.

BISBEE

For Sheriff of Pinal County**JOE T. McKINNEY**

Candidate for the Democratic nomination for SHERIFF OF PINAL COUNTY, solicits your vote at the forthcoming Primary Election without fear or favor. I stand for the enforcement of all the laws and for EQUAL JUSTICE to all. I believe the laws were intended for all the people and not for the benefit of a certain few. There will be no "man higher up" if I am sheriff of this county. I have been a resident of Arizona for thirty years and have been a peace officer a good part of that time.

QUALIFIED BY EXPERIENCE

City Water Purified and Cooled

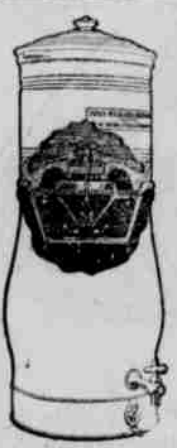

by the
PERCOLATION SYSTEM
(Not Ordinary Filtration Methods)

This patented device will furnish 3 to 5 gallons of germ-proof water daily—perceptibly softened—and cooled to a delightful degree. Over 75,000 users in California.

the man who jarred the American public awake to many of the issues of the coming campaign, will be able to include Arizona in his itinerary. Captain J. C. Greenway, a close personal friend of Colonel Roosevelt, is urging him in behalf of the republicans of Arizona to make at the least one speech in this state between the date of the primaries and November 7.

**OXNAM TO DELIVER
LABOR DAY SERMON**

This morning at 11 o'clock at the First Methodist Episcopal church, at the corner of Second avenue and Monroe street, Rev. C. Bromley Oxnam will deliver the annual Labor Day sermon.

It will, however, be a little out of the ordinary as Labor Day sermons go; for it will deal with conditions obtaining in the city of Phoenix, in the stores and other business interests.

Rev. Oxnam will endeavor to point out conditions as they exist and he will suggest a remedy. Members of the various trade unions are especially invited and it is hoped that there will also be a good delegation of the general public. The subject of the sermon will be "The Church and Labor."

EPIDEMIC UNDER CONTROL

[Republican A. P. Leased Wire]
NEW YORK, Aug. 26.—While the lately improvement in the infantile paralysis situation has convinced experts that the epidemic is under control, health department bureau heads estimated tonight that the total number of cases would exceed 10,000 before the disease is stamped out. They predicted that 2,500 children would be left so badly crippled they would have to wear braces and that more than 2,000 others would never be between being perfectly well and being permanently crippled.

The death toll from the disease was estimated would be 2,200 to 2,500.

Hire a little salesman at The Republican office. A Want Ad. will see more customers than you can.

LOCAL NEWS NOTES

UNDELIVERED TELEGRAMS.—There are at the Western Union Telegraph Company, for the following: Jarvid H. Barrett, Bryan Mensch, Norman Jones, Clyde Laughlin, Jaime Vidal and A. L. Thelmekey.

VISITOR IN PHOENIX.—George Irwin, traveling freight agent of the C. M. and St. P., is a visitor in Phoenix for a short time while here from his headquarters in Los Angeles on business.

DEATH OF HARRY OURS.—Harry OURS, aged 35, died at his home, Osborn road and Third street, yesterday. He is survived by his widow, and his mother, the latter being on her way here for the funeral, which will take place at ten o'clock Thursday at the Rotted Methodist church. Dr. Andersen will officiate.

BIRTHDAY PARTY.

Last Thursday afternoon Miss Florence Johnson of 1750 W. Monroe, celebrated her ninth birthday by a birthday party to her young friends. Games and refreshments made the afternoon merry and all the party enjoyed themselves immensely. Those attending the affair were Robert and Frank Wilkinson, Arthur Baldwin, Miss Adrian Riggins, Miss Dorothy Cummins, Miss Esther Fulton, and Miss Patricia and Georgia Gettins.

BISHOP PHILLIPS HERE.

Bishop C. H. Phillips, A. M. D. D.D., presiding bishop of the Fourth Episcopal diocese of the Colored Methodist Episcopal church, arrived in Phoenix last night and will preach at the local church of that denomination at Seventh and Jefferson streets today. Services at 11 a. m. and 8 p. m. The bishop is one of the foremost scholars of his race, and it is a treat to hear him.

INSPECTING TRANSACTIONS

[Republican A. P. Leased Wire]
CHICAGO, Aug. 26.—Investigators working under direction of Chief Revenue Agent Dan J. Chapin, are making their annual inspection of transactions of members of the board of trade.

"It is our regular investigation to determine the amount of revenue these dealers should pay the government," Chapin said. "It has nothing to do with recent conditions of the market."
